

Dear students,

With a history of over 60 years, Taipei Medical University is one of Taiwan's most prestigious higher education institutions with excellent education programs and learning activities, an impressive portfolio of research and innovation, and high-quality healthcare provision.

I am glad to learn that you have accepted the offer to study with one of our postgraduate programs. As your departure for TMU approaches, I would like to share with you what you can expect on our campus that will bring you a unique experience throughout your studies. Our **student-centered education** allows you to pursue your academic ambition supported by faculty members to the best possible level. Many of our students have been making use of mobility learning opportunities to strengthen their professional competence and cross-cultural communications skills. As an active participant in **international research collaboration**, the university has built many mutually beneficial partnerships with other universities around the world, providing our faculty members and students platforms and resources to explore their ideas to drive advancement of sciences. Hosting academics and students from around 50 countries, TMU is home to a **culturally diverse community** where people of different nationalities understand and appreciate each other's heritage. Moreover, we have a **campus on expansion**. By 2023 we will have doubled our floor space with enhanced facilities and infrastructure to support the university's commitment to innovation, sustainable development, and positive social impact-making.

I am confident that you will find your journey with TMU a fulfilling and unforgettable one, and I look forward to the many great chapters that we will write together. Wish you a smooth journey to TMU. I hope to greet you in person on our campus soon.

Sincerely,

A handwritten signature in black ink that reads 'Chien-Huang Lin'.

Eric Chien-Huang Lin, Ph.D.

President of Taipei Medical University
